SELECTMEN'S REPORT

The Selectmen, with the assistance of the Road Agent and the appointed committee, (Gilman Ellis and John Burroughs) came to the conclusion that the most desirable piece of road equipment at this time was a new 4-wheel drive truck together with a new snow plow. After viewing various trucks in several communities bid specifications were completed. Upon receipt of bids an order was placed with Bailey Auto Sales Inc., Keene, N. H. for a 1969 Ford F950 4-wheel drive equipped with a Vee plow and wing. The total cost being \$18,017.10. The truck was delivered January 7, 1970.

The dump site, an area approximately 200 feet square, was purchased for \$500.00 as authorized at the last Town meeting.

Milot Green was completely bull-dozed to level it and reseeded and rolled. In spite of some free labor and other labor at favorable prices it resulted in an overdraft in this department. However, it is much improved now for baseball or any other activity in the area.

The bridge on Route 123 at the foot of Hatch Hill was completed. The Town's share was \$4,516.49; whereas the original estimate was \$5,500.00. \$1,000.00 was appropriated for this in 1968; therefore, there is a balance owed of \$3,516.49 which the Selectmen recommend be paid off in full this year. The other bridge project by Walter Savory's house will probably be completed this coming summer. When done this will complete all of the town owned bridges on state highways.

The sidewalk was not constructed. The Pitcher property was in probate and after working on the truck project and tax books time ran out. Also, it appears questionable that this is the solution to the problem. When viewed in the winter it will be noted that the snow bank from the highway is almost up to the trees on the Bascom property. It appears that a better solution might be to go up around in back of the Pitcher and Bascom properties. Wherever it goes it will require snow-removal in the winter. The funds appropriated are still available for the project.

Due to extremely high water last spring the culvert at Cooper Hill collapsed. The full price of the culvert was \$3,270.00. The R. C. Heselton Company has committed themselves to provide the town with another large culvert or culverts of any desired size up to this amount.

A letter and an accompanying order from the New Hampshire Tax Commission dated March 25, 1969, advises that a re-appraisal of the taxable property in Alstead must be made as of April 1, 1970, unless a town meeting prior to this date votes to have the work done by a commercial firm or by a member of the tax commission's staff. We are including in the Town Warrant an

article to appropriate \$10,000.00 to have the re-appraisal made by the Tax Commission. The alternative is to have the appraisal done by the Selectmen as usual. However, if there are many complaints, and the Tax Commission feels it is necessary, they can come in and do it without prior approval by the town.

A Committee of three was appointed by the Selectmen to supervise the operation of Vilas Pool during 1969. This committee consisted of Alfred Ikeler, Leslie Greene and Percy Allen. We extend our appreciation in behalf of their efforts on this project. It was most unfortunate that swimming was curtailed to such an extent due to pollution. This problem has not been solved as yet as the source has not been determined although considerable testing was conducted. The draining of the pool may be helpful in this connection. Mr. and Mrs. Bruce Smith were back with us as caretakers and other than the pollution problem, everything went well.

Several people have received assistance from the Vilas Free Bed Fund at Mary Hitchcock Hospital in Hanover, N. H. Any resident who desires to apply for this assistance should so state upon admission; the hospital in turn will contact the Selectmen. This is restricted primarily to board and room.

The Selectmen do not increase the taxes. This is determined by the amount of money appropriated at the School District Meeting and the Town Meeting. All registered voters are encouraged to attend both meetings and vote their convictions.

We want to thank every one who assisted us in our efforts this year. We are grateful to Russell and Raymond Ramsey for keeping the grass mowed around the Municipal Building.

Concord, New Hampshire**

SUMMARY OF FINDINGS AND RECOMMENDATIONS

January 13, 1970

Board of Selectmen
Alstead, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Town of Alstead for the fiscal year ended December 31, 1969, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

One of the enclosed audits must be given the Town Clerk as part of the permanent records.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Road Agent, Trustees of Trust Funds and Vilas Pool.

FINANCIAL STATEMENTS

Comparative Balance Sheets: December 31, 1968 — December 31, 1969:
(Exhibit A-1)

Comparative Balance Sheets as of December 31, 1968 and December 31, 1969, are presented in Exhibit A-1. As indicated therein, the Surplus decreased by \$14,654.80 during 1969.

Analysis of Change in Financial Condition: (Exhibit A-2)

An analysis of the change in financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein.

Comparative Statements of Appropriations and Expenditures — Estimated and Actual Revenues: (Exhibits A-3 and A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1969, are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a net overdraft of appropriations of \$4,135.61, less a revenue surplus of \$1,497.30, resulted in a net budget deficit of \$2,638.31.

Summary Statement of Receipts and Expenditures: (Exhibit B-1)

A summary statement of receipts and expenditures for the fiscal year ended, December 31, 1969, made up in accordance with the uniform classification of December 31, 1969, is indicated in Exhibit B-2.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

GENERAL COMMENTS

Current Surplus:

The current surplus (excess of total assets over current liabilities) decreased from \$34,754.96 to \$17,600.16 as shown herewith:

	12-31-68	12-31-69
Total Assets	\$110,398.82	\$139,814.13
Current Liabilities	<u>75,643.86</u>	<u>122,213.97</u>
Current Surplus	<u>\$ 34,754.96</u>	<u>\$ 17,600.16</u>

Long Term Notes Authorized — Unissued (\$17,000.00): (Exhibit A-1)

This figure represents the authorizations voted at the March 11, 1969 Town Meeting as follows:

Article No. 7 "authorize the Selectmen, Road Agent and Committee of three to purchase a new 4 wheel drive truck, not to exceed \$20,000.00; \$9,000.00 of which is to be appropriated from surplus, the balance, not to exceed **\$11,000.00** to be borrowed on a long term note to be reduced at the minimum rate of \$1,000.00 per year plus interest...."

Article No. 37 "to raise and appropriate \$1,000.00 toward bridge construction and authorize the Selectmen to finance a long term note of **\$6,000.00.**"

Short Term Note Issued (\$3,516.49): (Exhibit A-1)

At the annual Town Meeting held March 12, 1968, Article No. 43 of the Town Warrant authorized the selectmen to issue a long term note of \$4,500.00 "for the construction of one new bridge on Route 123 at foot of Hatch Hill."

In our audit report last year we recommended that in as much as the Town had a current surplus of \$34,754.96 as of December 31, 1968, the Town vote to cancel the above article and appropriate the necessary funds in the 1969 Town budget; thus, saving the interest expense. Apparently, our recommendation was not voted. Therefore, it is our opinion that by issuing this short term note dated December 16, 1969 payable to the Connecticut River National Bank on or before December 16, 1970, the Selectmen have not followed the original vote taken at the 1968 Town meeting.

CONCLUSION:

The provisions of Chapter 184, of the Laws of 1955, require that the summary of findings and recommendations (letter of transmittal) of this report shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Alstead for their assistance during the course of the audit.

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Town of Alstead for the fiscal year ended December 31, 1969.

Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion, the Exhibits included herewith present fairly the financial condition of the Town of Alstead as of December 31, 1969, together with the results of operations for the fiscal year ended on that date.

		Respectfully submitted,

ALSTEAD FIRE DEPARTMENT

During the past year the Alstead Fire Department responded to 25 fires, 3 stand-by's and 3 resuscitator calls.

We have had an active membership that has varied between 24 and 36 and is now at 30 members most of whom are very active in the functions of the department. We held 7 drills at various locations in town and we had 14 regular meetings some of which also included training sessions.

We purchased and installed a dry-hydrant on Milot Green with the funds which were appropriated last year at town meeting.

The department in conjunction with the Vilas Alumni sponsored the fourth of July celebration which proved to be a big success.

The department is continuing to hold social parties each Saturday night. We have used the proceeds from these social parties to purchase a two-way radio for use by the chief of the department and additional helmets, booths and jackets for the protection of the firemen.

Meetings are held on the second and fourth Wednesdays of each month and we would be more than glad to hear from anyone who is interested in joining this life and property saving organization.

At this time the Alstead Fire Department would like to thank the towns people of Alstead for their help and cooperation during the past year.

Bruce A. Bellows, Clerk

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

Less fortunate than our northern towns, we had too many fires. Carelessness in burning trash and discarding smoking material and children playing with fire caused most of the fires. Your Forest Fire Warden's job would be easier if everyone understood the State laws that govern the kindling of outdoor fires. A synopsis of these laws follows:

Fire Permit

A fire permit is needed for all outdoor fires in or near woodland anytime the ground is not covered with snow. This includes household waste burning, even if in an incinerator, grass burning, garden trash as well as brush burning. Such burning is restricted by regulation to be **prior to 9:00 a.m. and after 5:00 p.m.**

Exceptions

Commercial or Industrial burning is allowed anytime under normal conditions with permission of the District Chief and a permit from the Fire Warden.

Camp or cooking fires are allowed on your own property with permission of the Fire Warden. On another's property with written permission of the landowner and permission of the Fire Warden. The Warden can forbid such fires if in a hazardous area. Permits for cooking fires in the White Mountain National Forest can be obtained from the Laconia Office or at the Ranger Stations. Permits are not required in public camp or picnic grounds where fireplaces have been built for this purpose.

Penalties

1. For kindling a fire without a permit. Maximum of \$200.00 fine; or imprisonment for not more than 60 days.
2. For kindling a fire by any means wilfully or recklessly that shall endanger woodlands the maximum fine is \$500.00 or one year's imprisonment.
3. For failure to totally extinguish a camp or cooking fire before leaving it the same penalties as in (1) above.
4. For dropping inflammable material in or near woodland, maximum fine is \$25.00.

Fire prevention is a personal matter and a good habit. Keep our town free from smokes in 1970.

ROAD AGENT'S REPORT

This past year, tarring was done on Slade Hill, Mine Road, Hill Road, Craige Roads. The intention is to oil half of these roads each year.

T.R.A. money was used on Flying Cloud Farm Road to the Center Road, which was started the previous year, graveled and black topped.

Duncan money was used back of Warren Lake and from Frank Dustin to the Langdon Line, widened, new culverts and graveled.

Culverts were laid on several roads and much gravel applied.

The bridge on Elmer Rhoades Road was replaced; also Hugh Clark's and Riley Bridges replaced.

I wish to thank any one who assisted me during the past year.

SHEDD PORTER MEMORIAL LIBRARY

As your librarian, I hereby submit my report for 1969.

The book circulation reached an all time high this year, with the children's circulation leading by over 1000. My thanks to all the mothers who accompanied the bus pupils to the library during the past three school years and am sorry that these trips had to be discontinued this fall due to many drawbacks, with weather being the main one.

The New Hampshire State library had to discontinue cooperative book buying due to the cut in Government spending. Books are now purchased through publishing companies in much the same way, with 33% discount on most books. The State Library still furnishes catalogue cards for non-fiction books, which is very helpful to the librarian.

The World Book Encyclopedia purchased with the 100 dollar grant has been used very much by students as well as adults. With our grant this fall we are purchasing a new dictionary and more basic reference books.

The long playing records, gifts from CBS and RCA record companies, have been in constant use since early this year.

During National Library Week in April the library sponsored an Art Exhibit, put on by Mrs. Paul Thompson, art teacher, displaying different kinds of art from all 8 grades of the Alstead schools. The exhibit was so well liked that on July third an adult exhibit was shown at the library in conjunction with the Fourth of July celebration and was well attended and enjoyed by over 100 visitors.

The State Library offered a course in Library Techniques at Keene State college on Tuesday mornings for ten weeks. Your librarian attended the class and found it helpful.

Mrs. Frances Potter and Mrs. Pauline Durling, teachers, visited the library with the fifth grade students during Book Week in November. The librarian explained the use of the file catalogue and the students borrowed books. Posters were posted in Vilas Jr. High and Alstead Elementary schools.

The DAR sponsored an essay contest on the Declaration of Independence. The 6th and 7th and 8th grades participated. Mrs. Christine Holmes and Mrs. Jeanette Welch, teachers, with students visited the library where they found much information to help them with their essays.

Mrs. Laura MacLane, trustee and your librarian attended four book meetings in Claremont and Keene, where many books were on display. The State Library consultant gave book reviews.

The Bookmobile stopped three times during the year and 869 books were borrowed. The teachers of the first five grades visited the Bookmobile and selected many books for their classes.

122 books were also borrowed from the State Library by request from patrons.

Number of books added by purchase — 264; by gift — 67. Magazines on loan — 23; daily papers — 1, weekly papers — 1.

Our circulation of books and magazines: Fiction — 5500, Non-fiction — 2054, Juveniles — 6582, Magazines — 1988. Total — 16,124.

Irene C. Stevens, Librarian

REPORT OF THE CHARLESTOWN VISITING NURSE ASSOCIATION

The Charlestown Visiting Nurse Association continues to give its services to the four town areas with the approval of the Division of Medicare.

Our year began sadly with the death of our nurse, Mrs. Henry Ferguson. We were most fortunate to employ a competent, enthusiastic replacement, Mrs. Larry Brousseau.

A storage cabinet and adding machine was purchased for the office.

Respectfully submitted,

Sophie Merriam, President

REPORT OF ALSTEAD POLICE DEPARTMENT

The police force presently consists of Erwin W. Ward, Chief of Police, Dale Dustin assisting and five special officers called upon to help when additional officers are needed. These specials include: Richard Stanley, Dale Wilson, Francis Stevens, Lawrence Taylor and Leslie Greene.

With matching federal funds offered for a limited length of time by the government, a two-way State Police radio was purchased and installed in my car and I am now able to communicate with the Sheriff's Department, all State Police and the fire dispatch center. This is of tremendous help when assistance is needed by any of the departments concerned.

The breakdown of work performed for the year is as follows:

Accidents — major with injuries and property damage	4
Accidents — minor with property damage only	16
Animal calls (for cats)	3
Animal calls (for dogs)	7
Animal calls (reference to cruelty to animals)	16
